Saber 3000 psi Petrol Pressure Washer (Briggs & Stratton XR950 engine)

Petrol high-pressure cold-water washer with Briggs & Stratton Model 130000 XR950 (Professional) engine. Washer model number to be confirmed from the data plate.

PRE-START CHECKS

- Engine oil level correct; fresh unleaded petrol in tank.
- High-pressure hose, lance, trigger gun and nozzles undamaged; quick-connects lock; trigger lock works.
- Water inlet filter clean; garden-hose supply available (pump must never run dry).

HOW TO OPERATE – BASIC STEPS

1. Connect the high-pressure hose and lance; connect the garden hose and turn the water fully on.
2. Squeeze the trigger (pointed safely) to purge air until a steady water flow.
3. Engine start: fuel valve ON, choke as required, pull starter smoothly; open choke as it warms.
4. Select the widest nozzle suitable; start spraying 1 m+ from the surface and move closer as needed.
5. To stop: release trigger, set trigger lock, stop engine, turn off water, then squeeze trigger to release trapped pressure before disconnecting.

KEY HAZARDS

- High-pressure water injection – never point at people, animals or yourself; never put hand in front of nozzle.
- Lance kickback; slips on wet surfaces.
- Carbon monoxide – outdoors only; hot muffler; fuel fire.
- Do not spray electrical equipment, outlets or powerlines.

REQUIRED PPE

- Safety glasses or face shield, enclosed waterproof footwear, gloves, hearing protection.

REFUELLING / POWER / CHARGING

- Unleaded petrol only (4-stroke). Refuel only with the engine stopped and cool, outdoors, away from ignition sources – no smoking. Do not overfill; wipe up spills and move away from the refuelling spot before starting. Carry fuel only in an approved, labelled container.

STORAGE & RETURN

- Relieve pressure, drain water from pump and hoses; coil hose without kinks. Return with all nozzles and the lance.
- Return with all accessories supplied. Report any damage, fault or near-miss at return – do not attempt repairs.

MANUFACTURER MANUAL & SDS

- **Manual:** Washer operator manual: Manual available on request.
- **Manual:** Engine: Briggs & Stratton 130000 XR950 Operator's Manual (Form 80006753USCN – hard copy held by Foothills Hire); official search: briggsandstratton.com – Manuals
- **SDS:** No SDS applies to the equipment itself. SDS for fuels/oils: from your fuel supplier, or available on request from Foothills Hire.

Licence / competency: No licence required. Operator must be competent.

EMERGENCY: call 000 (Police/Fire/Ambulance) • Poisons Information 13 11 26 • Breakdown or help: see the Contact page at foothillshire.com.au • Site first aider / supervisor: _____

IMPORTANT – READ BEFORE USE. This sheet is a summary only and does not replace the manufacturer's operator manual. The hirer must read, understand and follow the manufacturer's manual and all warning labels before use, and must ensure every operator is trained, competent and – where required – licensed for this equipment and task, as required by the Work Health and Safety Act 2020 (WA) and the Work Health and Safety (General) Regulations 2022 (WA). Do not use equipment that is damaged, untagged or out of inspection date – stop and contact Foothills Hire. Foothills Hire is a business name held by Foothills Industries Group Pty Ltd, ABN 38 688 848 302.
